Project: **LAVENDER PUMP HOUSE**
Month 2020
Title: **PROPOSED GROUND FLOOR PLAN**
Scale @A1: 1:50
Scale @A3: 1:100
Drawing and CAD File Number: Rev: **01**
0004-EDA-XX-XX-A-1100

Ground Floor Main Hall

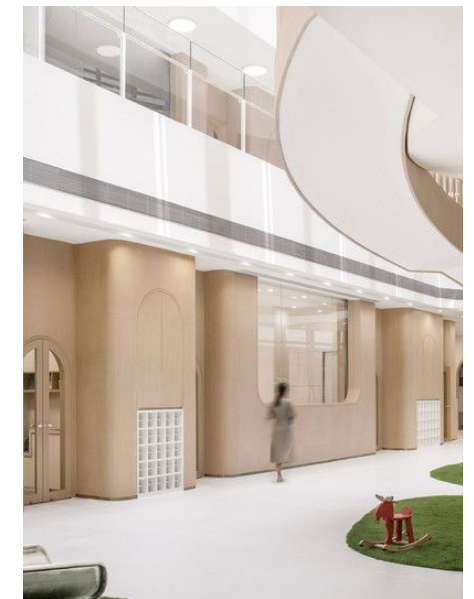

The proposal includes two mezzanine pods to include arts and crafts rooms, cooking zones. Quite zones are places on the top floor of these structures.

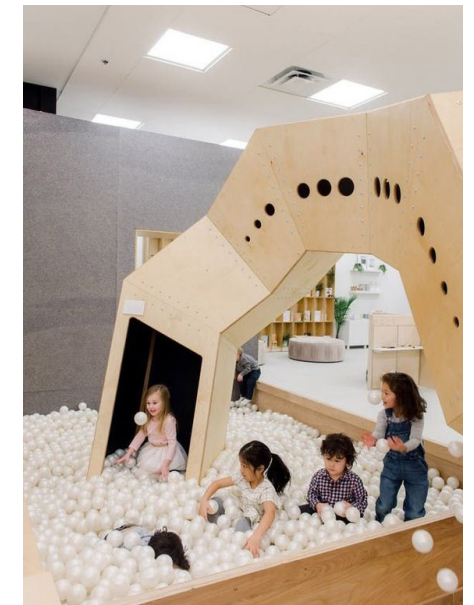

Water play and planted areas are included within the design.

At the center of the main ground floor space sits a large time interactive tree.

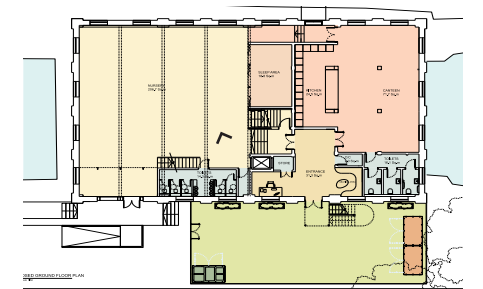

The sleep areas sits under an extended first floor structure giving it a cozy and quite setting. Curtains divide it from the main space.

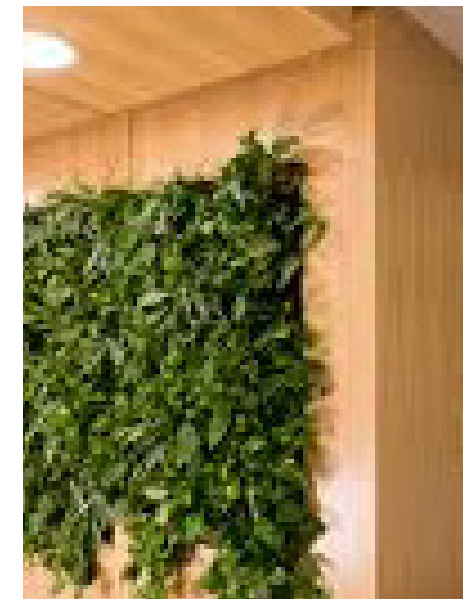

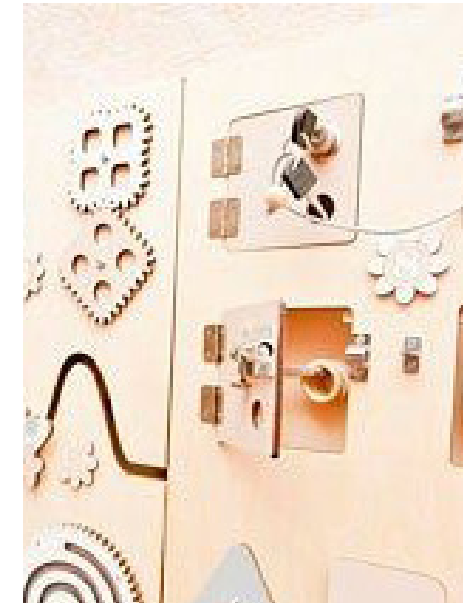

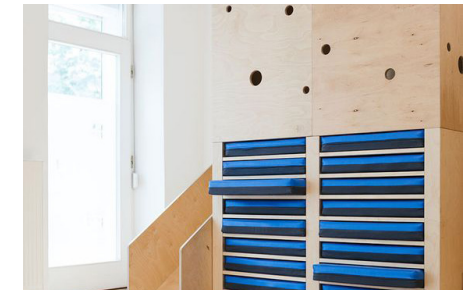

Ground Floor Main Hall

The facades of the mezzanine pods are used for both plant walls such as the images above as well as play areas such as drawings walls and climbing elements.

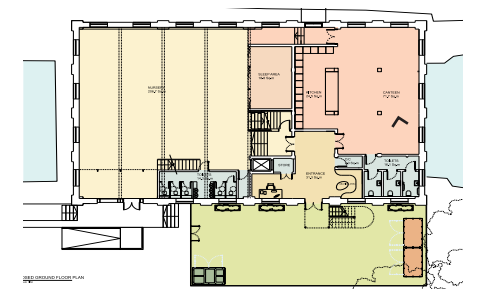

The space is divided not only by the large mezzanine pods but small pods for play and learning.

Parent Lounge

The parent lounge will include a cafe and kitchen area.

Lounge areas with magazines and comfortable chairs.

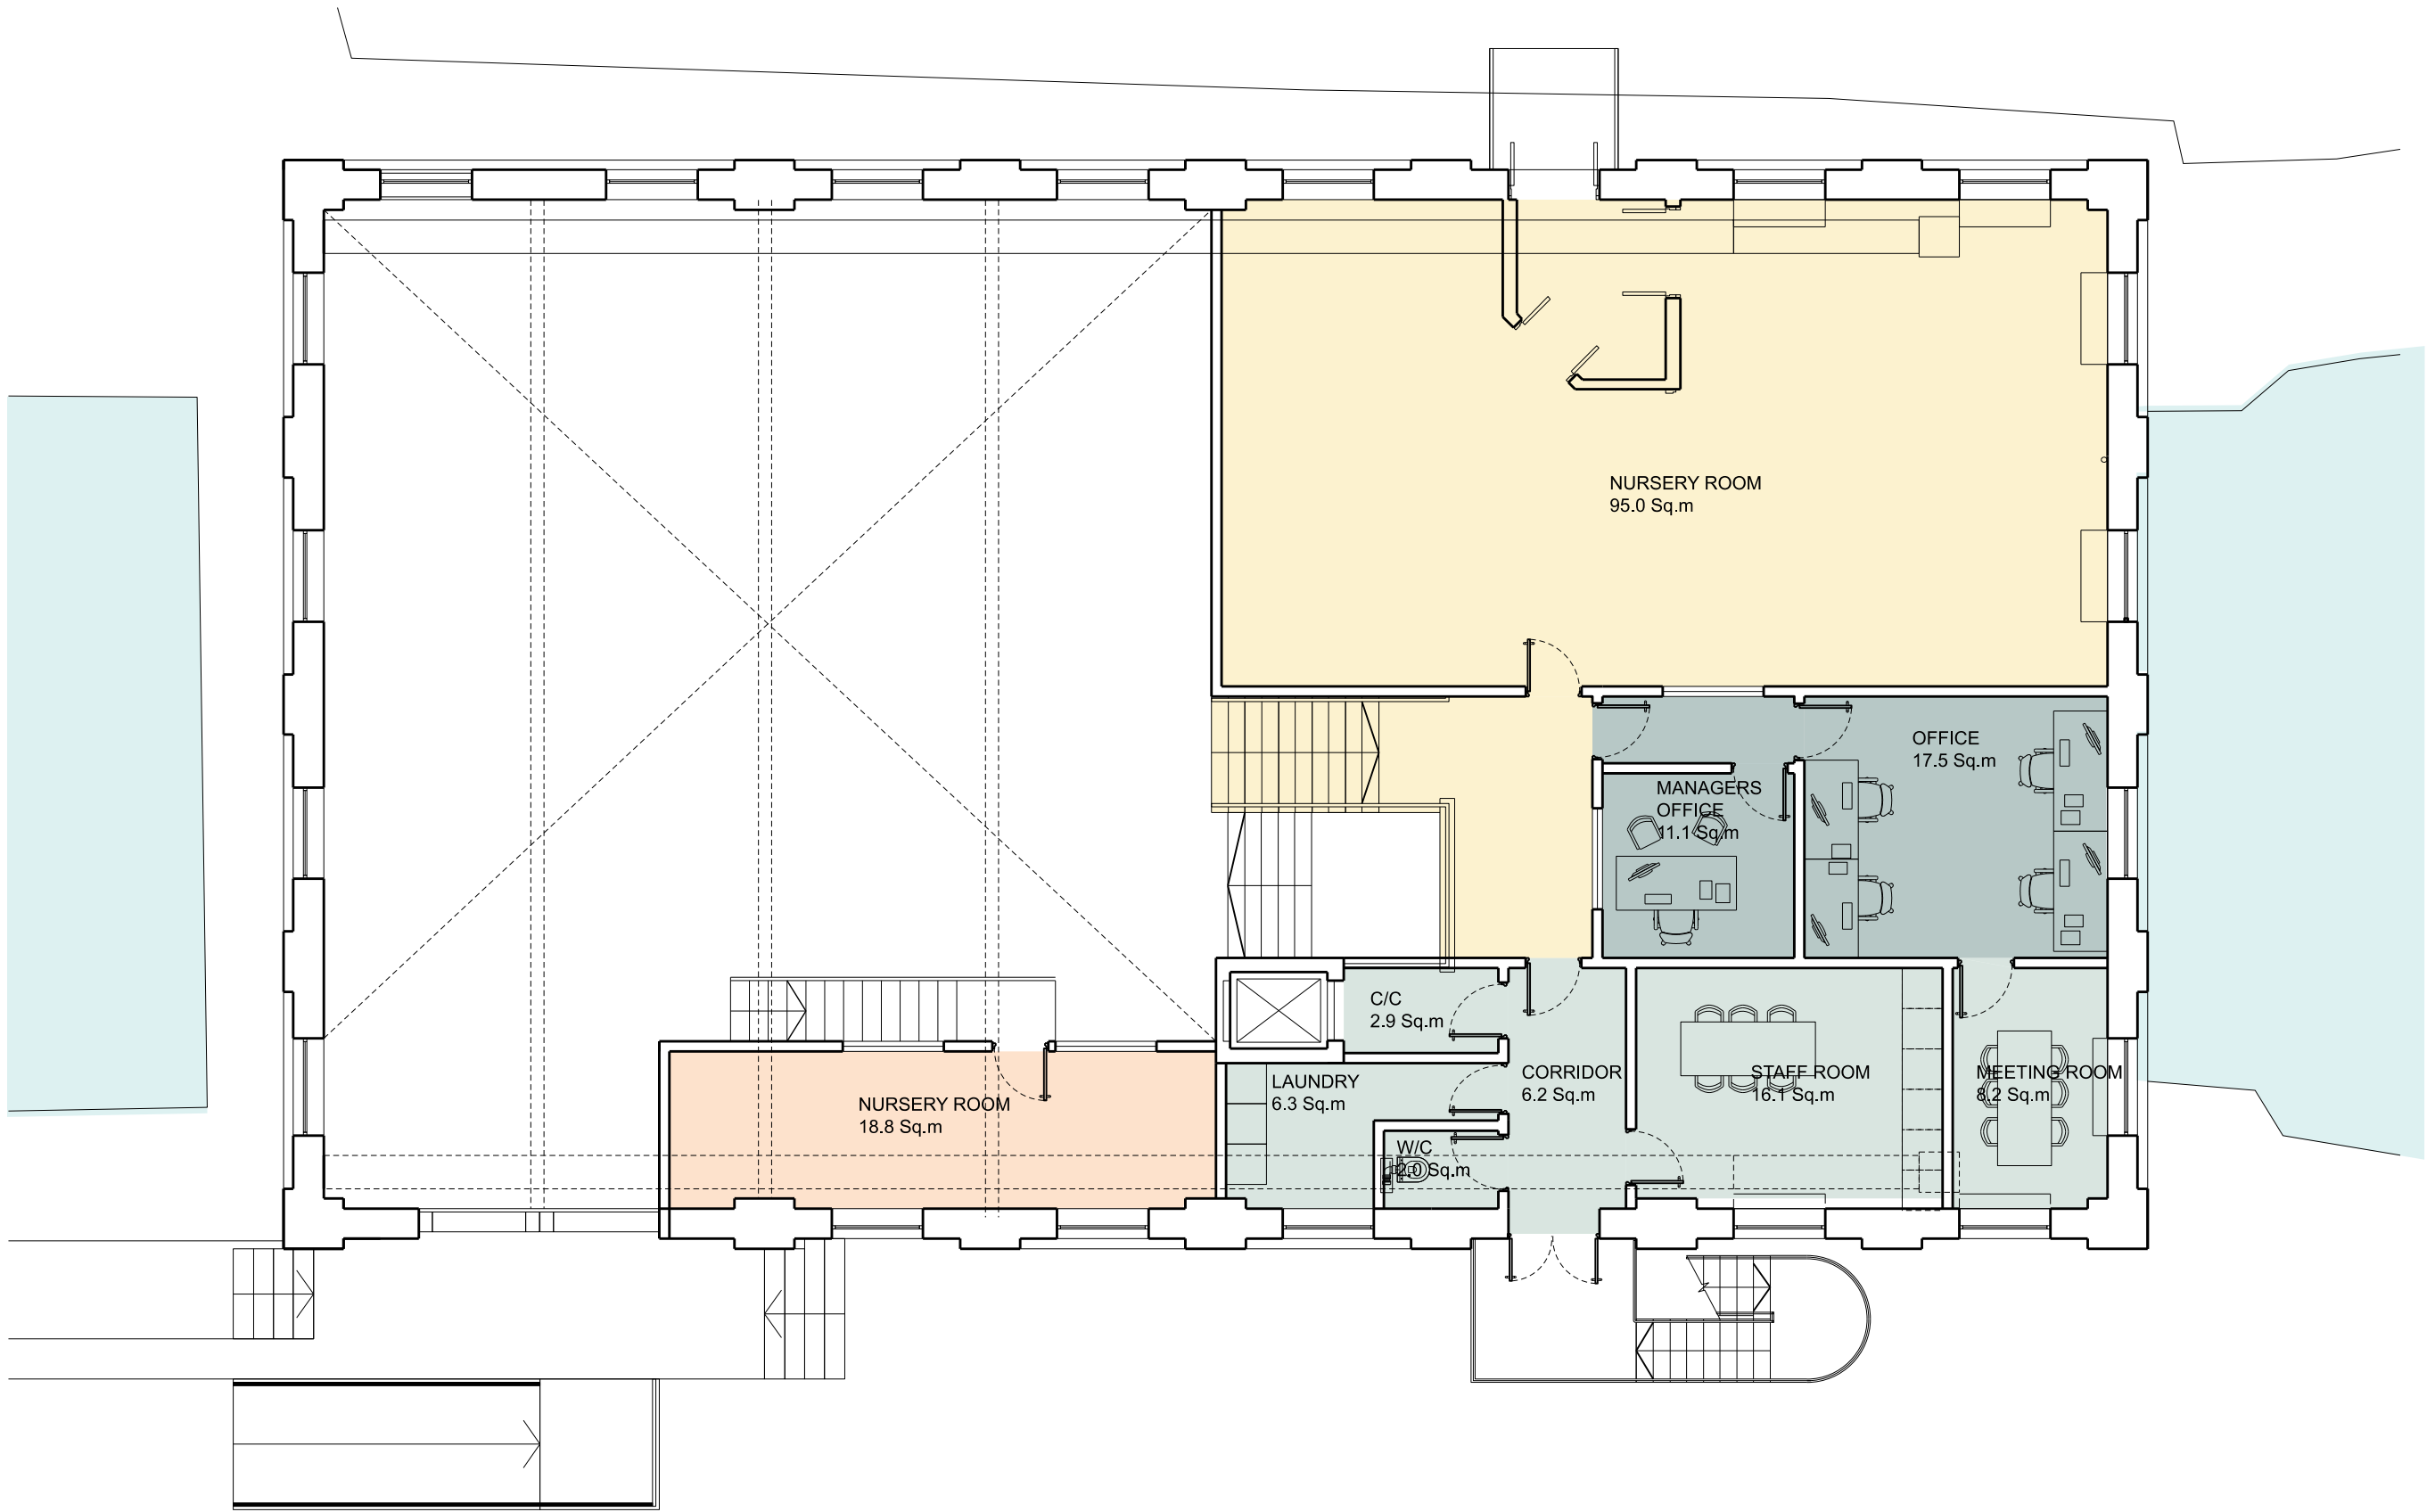

Hot desking and working areas are formed in-between lush planted areas.

First Floor Hall

The first floor will be expanded to make a larger nursery area. Fixed joinery units for storage have been integrated into the design.

The newly formed mezzanine area is separated from the main nursery floor with an interactive stair unit with integrated slides and climbing floors.
