

**HOLIDAY CAMPS**

# About Us...

We offer an exciting and enriching holiday camp experience **for children aged 3 to 8**. Our ethos is built around nurturing **capable, kind, and confident** young individuals through a multicultural and globalized approach to learning.

We aim to raise the **next generation of global citizens**, equipping them with essential skills of tolerance, resilience, and a readiness to embrace the world around them.

Our holiday camps are designed to immerse children in modern languages, while tailoring each child's learning experience to their individual potential.

Through engaging activities and hands-on experiences, we foster a love for learning and a sense of curiosity that empowers children to explore and grow.

At Hatching Dragons, we believe in providing a fun, inclusive, and supportive environment where every child feels valued. Our camps are not just about fun—they're about building the foundations of future leaders and citizens ready to contribute to a better, more connected world.

# Our Age Groups

## Early Years

**Hatchlings**  
6-15 Months  
一岁半以下

**Baby Dragons**  
12-24 Months  
一岁-两岁

**Blue Dragons**  
22-36 Months  
两岁-三岁

**Dragon Flight**  
36-48 Months  
三岁以上

## Future Champions

**Red Dragons**  
5-6 Years  
一岁-两岁

**Gold Dragons**  
6-8 Years  
一岁-两岁

**Black Dragons**  
8-10 Years  
一岁-两岁

Early Years education at Hatching Dragons evolves around areas of learning under Early Years Foundation Stage

### The 3 Primes

- Communication & Language
- Physical Development
- Personal, Social & Emotional Development

### The 4 Specifics

- Literacy
- Numeracy
- Understanding the World
- Expressive Arts & Design

Future Champions education

- **Coding and STEM Activities:** exciting experiments and coding through interactive projects.
- **Immersive Language Learning:** Master Mandarin and English with bilingual immersion experiences.
- **Expert Teaching:** Benefit from qualified, UK-standard teachers dedicated to each child's growth.
- **Cultural Exploration:** Visit iconic historical landmarks, museums, and monuments across London.
- **Weekly Sports Clubs:** Develop teamwork, agility, and sportsmanship in a variety of fun activities.
- **Creative / Performing Arts Clubs:** Unleash creativity through weekly music, drama, and performing arts sessions.

# Coding and STEM Activities

We believe it's crucial to invest in STEM and coding education now more than ever. As AI and automation continue to shape our world, it's essential to think innovatively, solve problems creatively, and develop our future minds in line with new technologies. Our classes include:

- Coding with Raspberry Pi programmes
- Building Simple Robots
- Science Experiments
- 3D Printing Projects
- Environmental Challenges/eco-friendly structures
- Circuit Building

Each school has a dedicated Coding and STEM equipment with lead teacher that specializes in coding and STEM for school aged children

# Creative and Performing Arts

It has never been more important to invest in the creative arts. In an era where AI and automation will do more and more, we have to think outside of the box, create more and express ourselves. Our classes include:

- Painting & Drawing
- Dance & Drama
- Textiles and Fabric
- Pottery & Ceramics
- Music Class
- Yoga and Mindfulness

Each school has a dedicated Creative Arts teacher that specialises in music, fine art, ceramics and / or textiles delivering focussed work with the children to build out their innate creativity and self-expression

Our art classes change each month to introduce the arts of the region we might be investigating that month. you can find out more [here](#)

# Immersive Language Learning

Teaching children multiple languages boosts cognitive skills, memory, and problem-solving. It fosters cultural understanding, empathy, and global citizenship, giving them a competitive edge in their future careers and helping them connect with others more effectively.

- Phonics & Reading
- Writing & Calligraphy
- Story Time
- Poetry & Rhyme
- Makaton

Each school has a dedicated Language and literacy teacher who has been specially trained in Phonics and Makaton as key pillars to our linguistic development in young children.

Our stories draw inspiration from our monthly regional theme, looking at the myths and fables of each culture . You can read more about our programme [here](#)

# Modern Languages

Our primary background is in bilingual immersion and teaching second languages in the early years. It is, after all, the easiest time to achieve fluency and the age in which we can achieve the largest and longest impact. Learning a second language can:

- **Enhance creativity**
- **Stimulate problem-solving skills**
- **Improve critical thinking**
- **Strengthens empathy and understanding**
- **Increases intercultural understanding**

We have a multilingual team at all of our schools and each age group benefits from two sessions of modern languages throughout their day - language programmes delivered in music, in the arts, in story time and much, much more.

**languages on offer:** Mandarin is our primary second language although our staff can deliver Russian, French, Arabic, Bengali and soon Spanish!

# Expert Teaching

Our expert teachers are highly qualified and dedicated to providing the best education, adhering to UK teaching standards. With a passion for fostering creativity and critical thinking, they create engaging, hands-on learning experiences that empower children to reach their full potential.

- **Yoga and mindfulness teachers**
- **Drama and Music teachers**
- **Modern Language teachers**
- **STEM and coding teachers**
- **Sports and Physical Education teachers**

We have a multilingual team at all of our schools and each age group benefits from two sessions of modern languages throughout their day - language programmes delivered in music, in the arts, in story time and much, much more. Furthermore, each age group benefits from weekly drama, music and performing arts sessions where they learn to create music with musical instruments such as piano, guitar etc.

# Cultural Exploration

Our cultural exploration program offers children the opportunity to discover London's rich history and heritage through exciting excursions. From iconic landmarks and museums to historical monuments, each trip provides a hands-on learning experience, helping children connect with the city's vibrant culture and deepen their understanding of the world around them.

- **London Aquarium**
- **National Gallery**
- **British Museum**
- **Tower of London**
- **Natural History Museum**
- **Science Museum**
- **Tate Modern**
- **Buckingham Palace**

Visiting London's iconic landmarks and museums sparks creativity, critical thinking, and a love for learning. These experiences help children develop a global mindset, foster empathy, and encourage them to think outside the box—skills that are essential for shaping the leaders and innovators of tomorrow.

# Food & Nutrition

## What we provide

As part of our care for your child, and to ensure that hungry minds are fed to keep attention and activities rolling, we provide:

- **Breakfast:** As an option for those who request it.
- **Snack time:** Mid morning and afternoon.
- **Lunch:** A hearty two course meal to boost those energy reserves
- **Dinner:** Another large meal to round off the day

# Example Menu

Breakfast
